Circle City Schools

Student Media Release Policy

Circle City Schools (including Circle City Prep and ACE Prep) values the opportunity to celebrate and share the achievements, experiences, and daily learning of our scholars. Throughout the school year, students may be photographed, videotaped, or recorded during academic activities, extracurricular programs, athletics, field trips, school events, or other school-sponsored functions.

These images, video recordings, audio recordings, or interviews may be used for school-related purposes, including but not limited to:

- School website and official social media platforms
- Printed materials such as newsletters, brochures, and promotional materials
- School publications and presentations
- News stories published in print, broadcast, or digital media
- School-created video productions

All media will be used solely for educational, informational, or school promotional purposes. Circle City Schools will not sell student images or recordings for commercial gain, nor authorize their use for commercial advertising.

Parents/guardians will indicate consent or non-consent for their child's participation in school media through the enrollment forms in PowerSchool.

- If consent is granted, the student may be included in school or media publications as described above.
- If consent is declined, the school will make reasonable efforts to exclude the student from identifiable photos, videos, or recordings used publicly.

This consent (or non-consent) will remain in effect for the current school year unless updated by the parent/guardian in writing.
